*“Thank you!!”      “It’s her favorite toy!”*

---

These are just some of the quotes from customers. Our SnugglePuppies™ and SnuggleKitties™ are a big hit with puppies, kittens, older animals and their owners! Designed to help pets become accustomed to their new homes, they also make great toys that mimic a sleeping littermate to calm and soothe pets. And, we have been told that the SnugglePuppies™ and SnuggleKitties™ also are great playmates as safe, floppy toys.

The SnugglePuppies™ and SnuggleKitties™ are innovative products that come complete with a battery operated heart beat and two types of disposable heat bags that you insert in the underside pouch. SnugglePuppies™ are available in five breeds: brown hound, black lap dog, Dalmatian, brown & white and boxer/bulldog. SnuggleKitties™ are available in two styles: gray tiger, and tan tiger. More breeds will be introduced soon.

With many awards and accolades, these plush, stuffed animal friends work! They are more than just another cute and cuddly stuffed animal - they provide comfort, security and unconditional love. There is nothing small to chew off and the stuffed animal is machine washable. SnugglePuppies™ and SnuggleKitties™ even fit in a carry bag or crate for travel.

Orders can be placed direct with us over the phone, by fax or e-mail. We accept Visa or Master Card or we can ship COD.
